

# ARE YOU PASSIONATE ABOUT RENEWABLE ENERGY? WOULD YOU LIKE TO WORK WITH M&A ADVISORY IN AN ENTREPRENEURIAL WHILE HIGHLY PROFESSIONAL ENVIRONMENT?

## Newsec Infra - the expert infrastructure and energy M&A advisor in northern Europe

Newsec Infra holds an unparalleled track record of 53 closed renewable energy deals at a value of approximately EUR 4 billion. Since 2007, we have advised on the key landmark equity and debt investments as well as power purchase agreements (PPAs) enabling the entry of some of the most influential market participants.

Leveraging our M&A, project finance and industrial expertise, we address the full spectrum of infrastructure sectors ranging from energy to telecom, transport and social infrastructure.

Newsec Infra is part of the Newsec Group headquartered in Stockholm and represented via 1,800 employees at offices in the Nordic and Baltic countries. While being based in the Nordics and primarily targeting deals in Northern Europe, we work in a highly international atmosphere, interacting daily with clients based across all continents of the world. During the last years, we have enabled some of the most impactful Nordic market entries with capital from European, American and Asian financial and industrial investors.

In order to fuel our further growth and development, we continuously seek to expand the team with new talent. At the moment we are particularly looking for an Senior Associate with the following qualifications:

- 5-6 years experience in investment banking, strategy consulting or other transaction services
- Strong modelling skills and an understanding of corporate finance and accounting
- Excellent analytical and presentation skills
- Ability to manage work under pressure in a collaborative environment
- Strong academic background, bachelor/master ideally in finance or engineering
- Passion for renewable energy and infrastructure
- Fluency in English and ideally a Nordic language

As a Senior Associate you will be an integral member of the Newsec Infra transaction teams. Day-to-day responsibilities include deal execution via management of financial analysis and modeling, due diligence processes, company and industry research, development of presentations and interacting with the client's senior management/board, key shareholders, legal and technical advisors etc. Projects fall into a range of categories, including M&A, divestitures, strategic advisory, project finance etc.

We offer the right candidate:

- High profile M&A advisory in one of the most dynamic sectors, on the forefront of financing the energy transition and battling climate change
- Rapid learning curve via opportunity to work as part of small deal teams, taking on meaningful tasks with high impact on the teams' results
- Fun and collaborative culture having "passion for colleagues and clients" as a key value
- Competitive pay and benefits

If you would like to introduce yourself, please send your application in the form of a CV and a covering email to:
