

ARE YOU PASSIONATE ABOUT RENEWABLE ENERGY? WOULD YOU LIKE TO WORK WITH M&A ADVISORY IN AN ENTREPRENEURIAL AND HIGHLY PROFESSIONAL ENVIRONMENT?

Newsec Infra - the expert M&A advisor for the energy transition in northern Europe

Newsec Infra holds an unparalleled track record of 75+ closed renewable energy deals at a value of approximately EUR 11+ billion. Since 2007, we have advised on key landmark equity and debt investments as well as power purchase agreements (PPAs) enabling the entry of some of the most influential market participants.

Leveraging our M&A, project finance and industrial expertise, we address the full spectrum of the energy transition sectors.

Newsec Infra is part of the Newsec Group headquartered in Stockholm and represented via 2,400 employees with offices in the Nordic and Baltic countries. While being based in the Nordics and primarily targeting deals in northern Europe, we work in a highly international atmosphere, interacting daily with clients based across all continents. During the last years, we have enabled some of the most impactful Nordic market entries with capital from European, American and Asian financial and industrial investors.

In order to fuel our further growth and development, we continuously seek to expand the team with new talents. At the moment we are particularly looking for Analysts with the following qualifications:

- Strong academic background, bachelor/master in finance and/or engineering
- Up to two years of experience in investment banking, consulting, transactional services or related field. We also consider applicants directly from university
- Excellent analytical skills and strong interest in financial modeling
- Ability to manage work under pressure in a collaborative environment
- Passion for the energy transition
- Fluency in English and ideally a Nordic language

As an Analyst you will be an integral member of the Newsec Infra transaction team. Day-to-day responsibilities include financial analysis and modeling, managing due diligence processes, company and industry research, participating in the development of presentations and interacting with the client's senior management/board, key shareholders, legal and technical advisors etc. Projects fall into a range of categories, including M&A, divestitures, strategic advisory, project finance etc.

We offer the right candidate:

- High profile M&A advisory in one of the most dynamic sectors, on the forefront of financing the energy transition and battling climate change
- Rapid learning curve via opportunity to work as part of small deal teams, taking on project management roles with high impact on the teams' results
- Fun and collaborative culture having "passion for colleagues and clients" as a key value
- Competitive remuneration and benefits

Newsec Infra cooperates with Lager & Partners for screening of applications. If you are interested and have the right profile, please file your application in the form of a CV and a covering letter at [Lagerpartners contact page](#).
